Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA1755GL

This certificate, issued to Tech Air Corporation
4332 Macon Road
Tecumseh, MI 49286

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations. (See Type Certificate Data Sheet A6WE for complete certification basis).

Original Product — Type Certificate Number: A6WE

Make: McDonnell Douglas

Model: Cargo Configured DC-9 Models Per
Page 3 this STC

Description of Type Design Change:

Replace existing window in main cargo door with Tech Air Corporation, Inc. Vent Door per Drawing List NAVD-DL3, Rev. D, dated 5/22/92 or later FAA-approved revisions and per Tech Air Corporation, Inc. Installation Instructions NAV-DC9-3, Rev. E, dated 5/22/92 or later FAA Approved revisions.

Limitations and Conditions:

1. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

(Continued on page 3 of 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: October 15, 1990

Date issued:

Date of issuance: June 3, 1992

Date amended:

By direction of the Administrator
